

Medications for Diabetes and Its Complications: A Case-Based Approach

Presented by Laura Shane-McWhorter, PharmD, BCPS, FASCP, CDE, BC-ADM
Professor, Department of Pharmacotherapy, University of Utah College of Pharmacy

Wednesday, January 16, 2008

11:30 AM – 1:00 PM Mountain Time

Target Audience:

CHC Clinical Staff including physicians, mid-levels, pharmacists, and nurses

Upon completion of this program, participants should be able to:

1. Describe the current controversy surrounding glitazone use.
2. Describe use of newer agents for diabetes including inhaled insulin and DPP-IV inhibitors.
3. List new American Heart Association target blood pressures for specific disease states.
4. Review information regarding the direct renin inhibitor, aliskiren.
5. Discuss priorities in hyperlipidemia treatment in patients with diabetes.

Available Continuing Education Credit:

Application for 1.5 hours of Continuing Medical Education (CME) credit is pending with the American Academy of Family Physicians (AAFP).

The University of Colorado Denver School of Pharmacy is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. This program has been accredited 1.5 contact hours and assigned the ACPE number: 008-999-08-004-L01-P (live webcast). Initial release 1-16-2008.

To receive either type of CE credit, participants must complete the evaluation and post-questions. CE credit will issued within six weeks.

Cost: Participation is **free** for Region VIII Community, Migrant, and Homeless Health Centers and Primary Care Associations (including provision of CE credit). Other participants will be charged \$50/webcast link & \$15/person for CE credit after the event. No refunds will be allowed.

Registration: Advance registration is required. Please register online at <https://comp17.eventcenterlive.com/cfm/ec/register/reg.cfm?BID=1&RegID=43A750F7>.

You may also visit http://www.CHAMPSonline.org/Events/Distance_Learning.asp to link directly to this registration page. Please register at least 24 hours before the live event, and register once for each computer being used (multiple participants are encouraged to share computers).
