# Services of THE Consortium

The ultimate goal of THE Consortium is to reduce the burden placed on individual facilities implementing and enhancing current technology on their own. Through our support, providers and hospitals can make sound business decisions that will have a positive impact on their ability to engage and support staff and provide the highest level of quality care possible.

## Free Services

THE Consortium services are available to CRHC members. Using the free and discounted services could save more than \$20,000! (savings estimated based on comparable market costs for hospitals)

- Group Purchasing Options
- Educational Webinars
- Weekly Updates

*Please note:*

*THE Consortium is vendor neutral and does not endorse any specific vendor. Through member input, group purchasing activities and EHR implementation assistance, vendors may be identified in the future as having specific value for specific circumstances.*
