

THE FORUM 2010

Essential Perspectives for Safety Net Providers

Presented by the Colorado Rural Health Center & ClinicNet • April 19-21, 2010

The Forum is a two-day conference that will bring together participants from all over Colorado and the surrounding states. It serves as an *essential* educational, training, and networking event for all safety net clinics, members of the clinic team, and other interested parties. This year, the event has expanded its reach to include other states and clinic types in order to address the central issues facing us all. The Forum offers a comprehensive agenda and has a special focus for 2010 on Health Information Technology.

The Colorado Rural Health Center and ClinicNet have partnered this year to present this event. Opportunities to sponsor or exhibit are now available.
