

**2010-2011
Rural Health Clinic Deliverables**

| Deliverable | Funding | HHS Target Area | Information |
|---|--|--|--|
| 800 MHz Drills | 4 drills / \$500 per drill = \$2,000 | Interoperable Communication | Funding will be released upon receipt of letter confirming participation in drills. Drills will be conducted by CDPHE-HPP. |
| IS-100 Course | 2 certificates / \$250 per certificate = \$500 | NIMS | Funding will be released upon verification/certificate of 2 staff, within the ICS Command Structure of the facility, taking the IS-100 course. If the IS-700 course was not taken and reimbursed in the last round of funding, 2 IS-700 certificates will have to be submitted for this round of funding. <u>CRITICAL: We will not be able to reimburse you for the other deliverables unless this NIMS training is completed and submitted.</u> |
| Healthcare coalition or MOU | \$500 | Partnership/Coalition Development | Funding will be released upon receipt of healthcare coalition meeting minutes or written MOU with a community partner. Healthcare coalition/MOU should contain member/s from Public Health, EMS, Emergency Management, CVM Administrator, Local Clinics, MRC (MOU will only be accepted if with an outside entity and not physically a part of your clinic) |
| Exercise or attend a regional workshop | \$1,000 | Exercise, Evaluations and Corrective Actions | 1. Funding will be released upon receipt of written summary/detail for an internal exercise/drill (not one of the drills being held by CDPHE) involving at least two areas of preparedness. Examples would be: use of 800MHz radios, involving community MOU's, fatality management, medical evacuation, or testing of some aspect of your facility's EOP. The Exercise/Drill must have taken place between 7-1-10 & 4-30-11. 2. Attend one of the regional Healthcare Partners Emergency Preparedness Communications workshops facilitated by AllClear EMG and hosted by the University of Colorado Denver Center for Integrated Disaster Health Preparedness. |
| Integration & Installation of EMS System | \$500 x 2 clinic employees = \$1,000 | Tracking of Bed Availability and Hospital Facility Situational Awareness | Funding will be released upon verification of participation of two or more clinic employees in a CoTrain (online) course titled Introduction to EMS System. Training Webinars are held the last Monday of every month. Contact Ron Seedorf for registration information. |
| <p>Please read all the deliverables carefully and direct any questions to either Ron Seedorf at the Colorado Rural Health Center (970)302-9021 or Greg Jones at the Colorado Department of Public Health and Environment (303)692-2787.</p> <p>Please make sure any reimbursement request is not a duplication of a previous HPP funding request.</p> <p>Thanks so much and remember that the deadline for submission for all of these deliverables is close of business 4/30/2011.</p> | | | |
